

EMERGENCY CLOSINGS

The Superintendent, after consultation with the Board Chairman, is empowered to close the district schools, delay their opening, or to dismiss them early in the event of hazardous weather or other emergencies which threaten the health or safety of students and personnel. Such action is never to be taken lightly, for public education is one of the principal functions of the community and should be maintained at a normal level except in extreme circumstances. When this regularity of operation ceases, serious difficulties are caused and the welfare of children may be jeopardized. Schools may not properly be closed merely to avoid inconvenience. While it may be prudent, under certain circumstances, to excuse all students from attending school, to delay the opening hour, or to dismiss students early, the administration has the responsibility to see that as much of the administrative, supervisory and operational activity is continued as may be possible. Therefore, if conditions affect only a single school, only that school shall be closed.

In making the decision to close schools, the Superintendent shall consider many factors, including the following principal ones relating to the fundamental concern for the safety and health of the children:

1. Weather conditions, both existing and predicted
2. Driving, traffic and parking conditions, affecting a public and private transportation facilities
3. Actual occurrence or imminent possibility of any emergency condition which would make the operation of schools difficult or dangerous;
4. Inability of teaching personnel to report for duty, which might result in inadequate supervision of students.

The Superintendent shall weigh these factors and shall take action to close the schools only after consultation with traffic and weather authorities, the Board Chairman and school officials from neighboring districts. Students, parents and staff shall be informed early in each school year of the procedures which will be used to notify them in case of emergency closing. When schools are closed for emergency reasons, staff members shall comply with Board policy in reporting for work.
