

HIGH SCHOOL CREDIT FOR 7TH/8TH GRADE COURSEWORK

Students in 7th or 8th grade may take advanced courses and apply the credit of those courses toward high school graduation competencies, provided the course demonstrates content requirements consistent with related high school courses and the student achieves satisfactory standards of performance. School Board policies relative to assessment, mastery and competency shall apply. The School Board promotes this policy to allow for middle school students to take advanced coursework, not increase the number of students applying for early graduation in high school.

The high school and middle school principals shall work together yearly to approve such course work and credit prior to the student enrolling in the class in order for such credit to be applied toward high school graduation.
